# Buflex Dry

## K2000 - K3000

**TOLECUT**  
K800 - K3000  
Imperfection Removal

**BUFLEX DRY**  
K2000 - K3000  
Finishing

**K2IN1**  
Polishing

After removing the surface irregularities and the imperfections, we recommend using Buflex Dry to **refine last scratches**. The extremely fine sanding pattern **reduces the work-intensive polishing time**. With light coloured coatings a perfect finish can be achieved in just one step with the K2in1 rubbing polish compound.

GRIT	152 MM - 15H	125 MM - 7H	75 MM	130 x 170 MM	*APPLICATION
K2000	193-1565	195-1535	730-1513	191-1532	
K3000	193-1564	195-1534	730-1514	191-1531	

\*See other side for meaning application icon.

ALWAYS USE  
BUFLEX DRY IN  
COMBINATION WITH  
THE **FEMALE-FEMALE**  
VELCRO **INTERFACE**  
**PADS.**
