

The **NOMAD POWER 15** is an external emergency battery which can recharge all types of electrical mobile devices.

**It regroups 3 functions in a single device :**

- Autonomous power supply for all types of electrical appliances.
- Booster for 12V vehicles (*motorcycles, light vehicles*).
- Emergency/warning lamp.

## POWER SUPPLY

- 2 x **5V USB port** to recharge smartphone, tablet, sat-nav, etc.
- 1 x **19V PC socket** (3.5A) and 8 connectors to charge or supply power to the majority of laptops.

PC socket

USB

## ENGINE START FEATURE (BOOSTER)

Its **lithium** battery presents an exceptional power/size ratio. It jumps starts vehicles equipped with 12V discharged battery (liquid, gel, AGM start/stop) in a few seconds.

### MULTIPLE USES

Not for professional use.

## SAFETY START

The **smart jump lead cable** protect at the same time the battery and the on-board electronics:

- Anti spark technology,
- Protection against short-circuits,
- Protection against polarity reversal.

## LED TORCH FEATURE

3 mode lamp (1 LED).

## EXCEPTIONAL AUTONOMY

With its large storage capacity, the product can be used round 10 times before recharging it.

## POCKET SIZE

**Lightweight (480g)** and **compact**, it will ideally find its place in a vehicle's glove box/tray as well as in a suitcase.

Comes with protective storage case + accessories

Smart jump lead
