The Magic Disc is specially developed for **E-coat** sanding. Thanks to the film backing, the synthetic diamond grain and the anti-clogging coating 2.0, the Magic Disc achieves an unrivalled **durability** on extremely hard surfaces. With the Magic Disc you prepare spare parts in **short time** for further painting steps, thanks to the high aggressiveness and the uniform scratches.

GRIT	152 MM - 15H	*APPLICATION
320	528-0320	

\*See other side for meaning application icon.

FOR EASIER USE ON CONVEX  
AND CONCAVE SURFACES,  
USE IN COMBINATION WITH  
THE HARD SUPER ASSILEX  
INTERFACE PAD **971-0057**.
