

# ORBITAL PALM SANDER DELTA 3MM ORBIT – RS21A

---

## RS21A

Orbital palm sander delta, top quality palm sander

Special Delta pad

Designed for high abrasive power and for an optimal level of finish

Support and base in light alloy to ensure strength and absence of vibration

Available with both velcro pad and hooks

Speed regulation valve

Designed for connection to dust extraction systems

Particularly compact and handle body

### Orbital palm sander delta applications

Universal application for sanding and preparing sheet metals and substrates

Excellent working capacity in inaccessible areas, such as sections, beading and large-radius curved surfaces

Preparation of substrates and fillers

Ideal for working in small to medium-sized areas
